

Understand the Ethical Dimensions of History

Historical action/issue to be analyzed:

Relevant details (date, individuals/groups involved, rationale . . .):

What was the historical context in which the action/issue took place?
What other events were taking place?

What did people think about the action/issue at that time (who supported/opposed it, why)?

Considering our current values and ideas of right and wrong, was the action appropriate?

Does the action/issue affect us today? Do we have a responsibility as citizens to make reparations for what are now perceived to be mistakes of the past? Explain.
